Gensim defaults
PNAS settings
Schakel & Wilson settings
exact optimum, all settings (theory)
(a)
Seen in published vectors (PNAS, Murray et al. 2023)
norm / mean norm
organization size (mean yearly authors)
(b)
Also in text; the peak moves with training settings
Schakel & Wilson settings
norm / mean norm
word frequency
(c)
Also in a real network (BlogCatalog)
Schakel & Wilson settings
norm / mean norm
node degree
(d)
Even where the exact optimum is flat (expected BA graph)
norm / mean norm
Schakel & Wilson settings
node degree
